

the people who volunteered

For Heritage's Sake

NHB volunteers may come from diverse backgrounds, but they are united by their common passion for history, heritage, and the creative arts. Over the years, the volunteer profile at the NHB has diversified tremendously with the development of special interest groups like the Children and Youth Volunteers Group and Mandarin Museum Volunteers. These groups further enhance the excellent work done by the existing Friends of the Museums, Singapore (FOM(S)) and Museum Volunteers (MV) groups.

FOM(S), our strategic volunteer partner, continued to support NHB with more than 250 active FOM(S) volunteers (including 200 trained museum docents). They worked closely with NHB museums in our education and outreach programmes and regular guided tours. FY2006 was also an extremely busy one for the MVs. With more than 100 trained volunteer guides, the MVs conducted more than 1,200 regular museum tours for both local and foreign visitors from all walks of life.

Besides museum guiding which continues to attract the most number of volunteers, NHB also offers other volunteering opportunities. They include helping out in hospitality and visitors services, facilitating in education workshops and outreach programmes, conducting research work or doing behind the scenes work such as translations, etc. Our volunteers work alongside our museum staff and are part of the larger NHB family and network. They are our most fervent ambassadors and key partners and we thank them for their support.
